CHAMINDA SAMPATH (B.BM)

ICT ADMINISTRATOR

WORK EXPERIENCE

MAS Capital (Pvt) Ltd - IT Support Specialist (L1)

1 July 2026 - Present (Current Role)

- Strategic corporate management & shared services arm of MAS Holdings driving enterprise IT solutions.
- Identity & Access Management (IAM): Administer enterprise user provisioning, privilege governance, security group policies, and multi-factor authentication across Microsoft Entra ID and Active Directory.
- Asset Lifecycle Analysis: Perform comprehensive IT asset lifecycle analysis, evaluating equipment utilization rates, hardware aging metrics, and warranty lifespans to optimize enterprise hardware refresh planning.
- Azure Virtual Desktop (AVD) Project: Spearhead rollout and operational support for the Azure Virtual Desktop initiative, migrating high-demand workflows from physical endpoints to cloud virtual machines.
- Reducing Physical Asset Purchasing: Actively reduce physical asset purchasing by standardizing thin-client workstations and virtualized desktop infrastructure, delivering tangible Capex hardware savings.

MAS Kreedaa – Balangoda (Outsourced) - IT Site Support Administrator (L1)

January 2023 - June 2026

MAS Holdings is a leading global apparel and tech manufacturer with over 100,000 employees worldwide. Specializes in producing Intimate-wear, Sportswear, and performance garments for international superbrands.

- Led ICT operations for the Kreedaa site as team lead, guiding a team of six technicians to maintain high uptime.
- Provided Level 1 & Level 2 IT support, including workstation configuration, troubleshooting, and end-user assistance.
- Monitored and maintained network infrastructure, managing LAN/WAN connectivity, switches, and industrial hardware.
- Maintained IT process documentation, scheduled disaster recovery data backups, and ensured IT operational compliance.
- Managed ICT asset inventory, including physical asset tracking, auditing, and lifecycle management of equipment.
- Developed and maintained internal web-based systems using React.js and Node.js to support operational workflows.
- Coordinated with vendors and finance teams for IT-related procurement, warranty repairs, and supplier follow-ups.

Brandix Apparel Solutions Ltd - Essentials | ICT Administrator

March 2022 – 2023

- Largest apparel exporter in Sri Lanka with over 47,000 associates across 42 manufacturing facilities.
- Led the ICT infrastructure across the business unit, ensuring 99.9% uptime for factory manufacturing lines.
- Configured and maintained SharePoint cloud services, enforcing corporate data classification standards.
- Maintained Active Directory, DNS/DHCP, file servers, NAS storage, and scheduled backup repositories.
- Automated hardware upgrades and software deployments using Microsoft SCCM and manual procedures.
- Enforced endpoint security protocols and threat mitigation using CrowdStrike Falcon endpoint protection.
- Administered user accounts, role-based access control, security groups, and multi-factor authentication.
- Responsible for ICT asset inventory, hardware lifecycle maintenance, and supervising junior support staff.
